

AMPHORE GIPS B

Agriculture & Environment

PRODUCT DESCRIPTION

Amphore Gips B is a natural gypsum product in a fine ground powder form. It is designed as an additive filler or accelerator in a variety of construction materials as well as a soil conditioner, fertiliser and mushroom composting.

PRODUCT BENEFITS

- + Natural Gypsum
- + Fine PSD

APPLICATIONS

Agriculture

TECHNICAL INFORMATION

Chemical name	Calcium sulphate dihydrate
Chemical composition	CaSO ₄ ·2H ₂ O
Minimum gypsum purity (%)	min 85%
Minimum gypsum purity (%)	≤ 2.5% at 200 µm
Colour	white / light grey
Moisture content (%)	≤ 1%
pH	7
Specific gravity of gypsum	2.32
Chemically combined water / Crystallised water (%)	18.5
Solubility of gypsum in water (g/L)	2.1
Mohs hardness	2

The technical data outlined represents typical figures only. For further details, please contact Saint-Gobain Formula directly.

PACKAGING AND SHELF LIFE

	Packaging Available	Shelf Life (Month)
Bulk Bag	1 T	6
Bulk Tanker	25 T	6

*For bespoke bulk bag options please speak with your sales contact.

When stored under dry conditions and in its original packaging, the product will have a specified shelf life that commences from the date of manufacture that is displayed on each sack. Shelf life depends on the packaging type. For those products where a defined 'best before' date is applicable, BBE (Best Before End) followed by the date will be displayed on each sack.

STORAGE

Gypsum minerals can be affected by absorption of moisture and may change physical properties.

To help protect the product during use, open or part used bags should be carefully folded and closed. Each bag is date stamped and stocks should be rotated so that the oldest material is used first.

ENVIRONMENT, HEALTH AND SAFETY

Material Safety Data Sheets of Saint-Gobain Formula plasters and gypsum minerals are available for all products and may be obtained directly on our website in the [product](#) and [documentation](#) sections. No liability is accepted by Saint-Gobain Formula for injury to any person or loss or damage to property by improper use of the product.

DISCLAIMER

This product has been designed for the intended use outlined in this product datasheet. All information herein cancels and replaces any previous document and is provided for sole indicative purpose and is based on Saint-Gobain Formula's knowledge and experience on the date of issuance of this datasheet. Saint-Gobain Formula reserves the right to amend or modify this datasheet. To make sure you are up to date with the latest changes that may have occurred, visit frequently our website. It is advisable to contact Saint-Gobain Formula in case of any doubt arising from the content of such information. Unless otherwise stated, Saint-Gobain Formula's test methods apply. To obtain a copy of the test method, please contact Saint-Gobain Formula directly.

Saint-Gobain Formula shall not be liable for damages or losses of any kind due to an improper use of the product. This datasheet shall not be construed as a substitute for a professional advice before product's use or installation. It is the user's responsibility to use, or install, the products in strict compliance with the applicable norms, standards and professional uses in force on the date of use, or installation.
